Chester Springs, PA 19485

Dear Dr. Cutler,

My name is Grace Ruiz-Budek and I'm honored to be able to experience PFEW. At first I thought this was a camp where you meet your typical "strangely smart" kids. I signed up not really caring just trying to get something on my college resume. The day before I left I was seeing if I could get out of it. Sunday morning came and I was starting to get excited because I love meeting people. First day I was hooked, I was out till our confew playing volleyball with over 18 people. From then on every day I was eating lunch with a new group, playing with new friends, and learning with new people. I just meant. I'm a lacrosse player from Owen J. Roberts and I'm use to sports

Camps, never really making connections with anyone, just trying to play. This camp made me realize a lot about business but also a lot about myself, who I want to be as a person, and what I want to be known for. If I could do this all over again I would without hesitation. I am so very grateful for this opportunity and I will never forget this experience. I will be recommending this camp to everybody from my school and posting pictures about it. Thank you.

Sincerely,

Grace Ruiz-Berek
